Call for Papers

Special Section on

Recent Progress in Electromagnetic Theory and Its Application

The IEICE (Institute of Electronics, Information and Communication Engineers) Transactions on Electronics announces a forthcoming special section on Recent Progress in Electromagnetic Theory and Its Application to be published in **January 2009**.

The purpose of this special section is to present a collection of original papers that give an overview of recent progress of research and development in electromagnetic theory and its applications, including those related to the papers presented at the 2007 symposium of Electromagnetic Theory, held at Okudogo-Onsen, Matsuyamashi, Ehime, Japan on October 18-20, 2007. It also shares the scope with the International Symposiums and Meetings: PIERS 2007-Beijing, ISAP2007, EMTS-2007 and PIERS 2007-Prague. Presentations in these symposiums and meetings are also considered to be the parts of this special section and submission is highly encouraged.

1. Scope

The major topics of interest include

Electromagnetic Theory (Basic Electromagnetic Theory), Radiation and Propagation (Mobile and Indoor Propagation, Earth-Space and Terrestrial Propagation, Tropospheric and Ionospheric Propagation), Phenomenology in Electromagnetics, Scattering and Diffraction, Radar Cross Section (RCS), Antenna Theory, Remote Sensing, Signal Processing, Mathematical Analysis Theory and Its Applications, Periodic and Band-Gap Structures, Numerical Methods, Computational Electromagnetics, Random Media and Rough Surfaces, Non-linear Material, Complex / Artificial Media and Metamaterials, Electromagnetic Compatibility, Transients and Time-Domain Techniques, Medical Applications and Biological Effects, High-Frequency and Asymptotic Methods, Inverse Scattering and Inverse Problems, Microwave and Millimeter Waveguides and Optical Waveguide, Photonics and Non-linear Problems, and Others.

2. Submission Instructions

The deadline for submission has been extended from March 26, 2008 to April 25, 2008. Manuscript should be prepared according to the style guidelines in the Information for Authors attached to the IEICE Transactions on Electronics. The style guidelines are also available at http://www.ieice.org/eng/shiori/mokuji_es.html. The page length should not exceed 8 printed pages. The term for revising the manuscript after acknowledgement of conditional acceptance for this special section could be shorter than that (60 days) for other sections because of the tight review schedule.

Please note that if accepted, the author of each paper including invited ones is requested to pay the page charges covering partial cost of publications.

In this special section, the electronic submission is adopted. Prospective authors are requested to follow carefully the submission process described below.

(Step 1) Electronic Submission

The author is required to make manuscript registration and upload the electric file of the manuscript at the web page: https://review.ieice.org/regist_e.aspx The acceptable format of the file is Adobe Acrobat(TM) (.PDF) file. Authors should choose "[Special-EC] Recent Progress in Electromagnetic Theory and Its Applications" in the "Type of Issue (Section) / Transactions".

(Step 2) Postal Mailing of "the Form on the Copyright Transfer and the Page Charge Agreement" and "Confirmation Sheet of Manuscript"

"The Form on Copyright Transfer and Page Charge Agreement" and "Confirmation Sheet of Manuscript" should be sent by postal mail to the following address. Please mark "Special Section on Recent Progress in Electromagnetic Theory and Its Applications" on the envelope. Manuscripts and all inquiries should be sent to:

Prof. Akira Komiyama

Osaka Electro-Communication University, Dept. of Electronics and Lightwave Sciences 18-8 Hatsu-cho, Neyagawashi, Osaka 572-8530, Japan Phone: +81-72-824-1131, Fax: +81-72-824-0014, E-mail: komiyama@isc.osakac.ac.jp

 3. Editorial Committee of the Special Section on Recent Progress in Electromagnetic Theory and Its Applications : *Guest Editors*: Toyohiko Ishihara (National Defense Academy) and Mitsuru Tanaka(Oita Univ.) *Secretaries*: Akira Komiyama (Osaka Electro-Communications Univ.), Masahiro Tanaka (Gifu Univ.), *Associate Editors*: Yoshiaki Ando (The Univ. of Electro-Communications), Hiroyuki Deguchi (Doshisha Univ.), Kiyotaka Fujisaki (Kyushu Univ.), Koichi Hirayama (Kitami Institute of Tech.), Akimasa Hirata (Nagoya Institute of Tech.), Akira Hirose (The Univ. of Tokyo), Yoshio Inasawa (Mitsubishi Electric), Akihiro Maruta (Osaka Univ.), Masahiko Nishimoto (Kumamoto Univ.), Shinichiro Ohnuki (Nihon Univ.), Toru Sato (Kyoto Univ.),

[IMPORTANT NOTICE] At least one of the authors must be an IEICE member when the manuscript is submitted for review. Invited papers are an exception. We recommend that authors unaffiliated with IEICE apply for membership. For membership applications, please visit the web-page, http://www.ieice.org/eng/member/OM-appli.html.
