

Workshop for Space, Aeronautical and Navigational Electronics (WSANE 2006)

Venue : Conference room at Xidian University, Xi'an, China

Date : April 9-12, 2006

Organized by

Technical Group on Space, Aeronautical and Navigational Electronics (SANE), IEICE, Japan

Sponsored by

Japan Aerospace Exploration Agency (JAXA), Japan
National Institute of Information and Communications Technology (NiCT), Japan
Electronic Navigation Research Institute (ENRI), Japan
Chinese Academy of Space Technology (CAST), China
State Key Laboratory of Integrated Services Networks, Xidian University, China
Korea Aerospace Research Institute (KARI), Korea
Electronics and Telecommunications Research Institute (ETRI), Korea

In cooperation with

IEEE AESS Japan Chapter, IEEE GRSS Japan Chapter, AIAA Japan

Objective:

The second international Workshop for Space, Aeronautical and Navigational Electronics (WSANE 2006) will provide an opportunity for system engineers and researchers to discuss new and viable technical topics of electronics system in spacecraft, aircraft, ships and ground facilities.

Topics:

Topics covered will include but are not limited to the followings:

- (1) Satellite and space station system
- (2) Communication and navigation system
- (3) Radar and remote sensing technology
- (4) On orbit demonstrations
- (5) Space Information Processing

Instructions for Authors:

Prospective authors are cordially requested to submit, abstract with the title of the paper, the author's name(s), affiliation, and contact information of mailing address, telephone/ facsimile numbers and e-mail address, through the [Submission System](http://www.ieice.org/cs/sane/eng) (<http://www.ieice.org/cs/sane/eng>) of technical group on SANE.
