Call for Papers

Special Section on Knowledge-Based Software Engineering

http://www.ieice.org/iss/kbse/journal/journal.html

The Institute of Electronics, Information and Communication Engineering (IEICE) Transactions on Information and Systems announces a forthcoming special section on “Knowledge-Based Software Engineering” to be published in July 2018. The objective of this special section is to publish and overview recent progress in the interdisciplinary area of Artificial Intelligence and Software Engineering. But, the topics are not limited to this domain. The related interests are highly welcomed. All submitted papers are subjected to the same review processes as those papers accepted for publication in the regular issues.

1. Topics of interests include, but are not limited to:

- Knowledge technologies for semantic web,
- Ontology engineering,
- Ontologies and patterns in UML modeling
- Knowledge technologies for service-oriented systems (SOA), Internet of services and Internet of things (IoT)
- Architecture of knowledge-based systems, including intelligent agents and softbots,
- Knowledge-based requirements engineering, domain analysis and modeling
- Knowledge engineering for process management and project management
- Intelligent user interfaces and human-machine interaction,
- Methodology and tools for knowledge discovery and data mining,
- Automating software design and synthesis
- Automating composition of components and services, methods to predict the properties of composites
- Knowledge-based methods and tools for testing, verification and validation, maintenance and evolution
- Decision support methods for software engineering,
- Knowledge management for business processes, workflows and enterprise modeling
- Program understanding, programming knowledge, modelling programs and programmers
- Knowledge-based methods and tools for software engineering education
- Knowledge-based methods for software metrics and testing
- Application of artificial intelligence, Application of big data, Application of IoT
- Application software for business

2. Guideline for paper submission:

a. In preparing the manuscript, authors should be subjected to the Information for Authors on IEICE Transactions, which describes the standard format of papers. Information for Authors is available through WWW page http://www.ieice.org/eng/shiori/mokuji_iss.html.

b. Submit a paper using the IEICE Web site https://review.ieice.org/regist/regist_baseinfo_e.aspx by Oct. 15, 2017 Japan Standard Time. We will not receive any papers after the deadline. Authors should choose the “[Special-KB] Knowledge-Based Software Engineering” as a “Journal / Section” on the online screen. Do not choose “[Regular-ED] Information and Systems” or other special sections.

c. At electric submission via the IEICE Web site, authors should agree “Copyright Transfer and Page Charge Agreement.”

d. It is recommended that the paper does not exceed 8 printed pages. If it exceeds this limit, extra fee will be charged.

e. All authors, including authors of invited papers, are requested to pay for the page charges that cover a part of the publication cost. The page charges help cover the substantial cost of editing and publishing the IEICE Transactions. Peer review of your manuscript is provided as a service.

f. Please be advised that in the case that a large number of papers are accepted for publications, a portion of these papers may be published in another issue of the journal.

g. Open Access: The IEICE Transactions on Information and Systems is an open access journal from January, 2017. Open access to “IEICE Transactions on Information and Systems” is available via the J-STAGE (https://www.jstage.jst.go.jp/browse/transinf/).

3. Important Dates:

### 4. Contact
Associate Prof. Hajime Iwata, Kanagawa Institute of Technology,
TEL: +81-46-291-3238, E-mail: hajimei@nw.kanagawa-it.ac.jp

### 5. Editorial Board:

**Guest Editor-in-Chief:** Shigeo Kaneda (Doshisha Univ.),

**Guest Editor:** Hajime Iwata (Kanagawa Institute of Technology), Fumihiro Kumeno (Nippon Institute of Technology), Takahira Sakurai (Kanazawa Univ.)

**Guest Associate Editor:** Yoshitaka Aoki (Nihon Unisys), Yoshiaki Fukazawa (Waseda Univ.), Naoki Fukuta (Shizuoka Univ.), Takaaki Goto (Ryutsu Keizai Univ.), Hirohide Haga (Doshisha Univ.), Hiroaki Hashiura (Nippon Institute of Technology), Atsuo Hazeyama (Tokyo Gakugei Univ.), Tadashi Iijima (Keio Univ.), Atsushi Kanai (Hosei Univ.), Kohsaku Kimura (Fujitsu, Lab.), Yutaka Matsuno (Nihon Univ.), Saeko Matsuura (Shibaura Institute of Technology), Hiroyuki Nakagawa (Osaka Univ.), Taichi Nakamura (NII), Takako Nakatani (The Open Univ. of Japan), Shinpei Ogata (Shinshu Univ.), Atsushi Ohnishi (Ritsumeikan Univ.), Koichi Ono (IBM Japan), Takuya Saruwatari (NTTData), Junko Shirogane (Tokyo Woman's Christian Univ.), Masateru Tsunoda (Kindai Univ.), Shuichiro Yamamoto (Nagoya Univ.), Hironori Washizaki (Waseda Univ.)

### 6. IMPORTANT NOTICE
At least one of the authors must be an IEICE member when the manuscript is submitted for review. We recommend that authors unaffiliated with IEICE apply for membership. For membership applications, please visit the following web page: https://www.ieice.org/eng/join_ieice/index.html.
