Greetings From Honor General Chair

It is my pleasure, on behalf of Yamaguchi University, to welcome all of you to Japan to participate the 23rd International Technical Conference on Circuits/Systems, Computers and Communications (ITC-CSCC2008), which will be held in Shimonoseki City, Yamaguchi Pref., Japan, July 6-9, 2008. As the host, we will do our best to make the conference a success.

Yamaguchi Prefecture is located in the westernmost part of Honshu, the main island of Japan, and is surrounded on three sides by sea. Shimonoseki City is located at the western extremity of Yamaguchi Prefecture, facing Moji Port in Kyushu across the Kanmon Strait. The main campus of our university, Yamaguchi University, is located about 60 kilometers to the east of Shimonoseki City. Yamaguchi University has its origins in Yamaguchi Kodo, a private school, in the 12th year of Bunka (1815). Since then, this academic institution had undergone many changes in keeping with the needs of the times. In 2004 it became a national university institutionalized by the National University Corporation, Yamaguchi University. Yamaguchi University now has seven faculties and nine graduate schools, making itself the leading university of the region. Welcome to visit our university during the conference.

Wish you most fruitful four days and a pleasant staying in Japan.

Toshikatsu Miki

Honor General Chair, ITC-CSCC 2008
Vice President, Yamaguchi University
