

EMC JOINT WORKSHOP 2026

Call For Paper

**November 26–27,
2026
@Taipei**

The EMC Joint Workshop 2026 will take place on November 26–27, 2026, in Taipei, Taiwan, co-hosted by National Taiwan University of Science and Technology (NTUST) and the Technical Committee on Electromagnetic Compatibility (EMCJ) of IEICE.

This international workshop provides a platform for researchers, engineers, and industry professionals to exchange knowledge and discuss the latest electromagnetic compatibility (EMC) advancements. We invite experts, researchers, and students to join discussions on cutting-edge EMC topics, fostering collaboration and innovative solutions for modern EMC challenges.

Topics (ALL EMI/EMC Researchers can be accepted)

- EMC Measurement and Instrumentation
- Electromagnetic Environment
- Transient EMC
- Power System EMC
- System Level EMC and Protection
- EMC in Nanotechnology and Advanced Materials
- Signal Integrity and Power Integrity
- Computational Electromagnetics
- Biomedical Electromagnetics
- EMC for Wireless Power Transfer
- EMC Design
- Others

Important Dates

- Abstract Submission Deadline: **September 4, 2026**
- Final Manuscript Submission: **Late-October, 2026**
- Registration Period: to be announced soon

Presentation Format

- Oral Presentation: to be announced (Full manuscript or Cover only)
- Poster Session: to be announced (Cover only)

Registration and Fees

Details regarding registration fees will be announced soon.

Venue

Venue: National Taiwan University of Science and Technology
No. 43, Sec. 4, Keelung Rd., Da'an Dist., Taipei 106335, Taiwan

Organizer

- Chair : Yoshitaka Toyota
- Co-chair : Ding-Bing Lin
- TPC Chair : Shinichiro Yamamoto

Contact

- Yoshitaka Toyota : toyota@okayama-u.ac.jp
- Ding-Bing Lin : dblin@mail.ntust.edu.tw
- Shinichiro Yamamoto : yamamoto@eng.u-hyogo.ac.jp
