CALL FOR PAPER (20180711)

The EMCJ-WS 2018 (EMC Joint Workshop 2018) will be held in National Nano Fab Center, KAIST (Korea Advanced Institute of Science and Technology), Daejeon, Korea, from November 22 to 23, 2018. This is a joint workshop between Korea and Japan. The workshop aims to encourage young engineers and researchers and to share recent advances in all aspects of EMC. We wish to invite all prospective authors and experts, particularly students, young engineers and researchers, to submit original papers on their latest research.

TOPICS (ALL EMI/EMC Researches can be accepted.)

- EMC Measurement and Instrumentation
- Electromagnetic Environment
- Transient EMC
- Power System EMC
- System Level EMC and Protection
- EMC in Nanotechnology and Advanced Materials
- Signal Integrity and Power Integrity
- Computational Electromagnetics
- Biomedical Electromagnetics
- EMC for Wireless Power Transfer
- EMC Design
- Others
