

CALL FOR PAPERS

Special Section on Emerging Technologies of Complex Communication Science

The open-access journal “Nonlinear Theory and Its Applications (NOLTA), IEICE” welcomes you to submit papers for the Special Section on emerging technologies of Complex Communication Science (CCS), which will be included in the issue published in October, 2023. Submission of the paper presented at IEICE Technical Conference on CCS during 2022-2023 is strongly encouraged. The papers are expected to be well-polished according to the discussion at the CCS conferences. However, presentation of the paper at CCS Conference is not mandatory for its inclusion in this Special Section. The scope of this Special Section includes all topics related to complex communication science. Contributions on both fundamental and applied studies are welcome.

Papers submitted to this Special Section will be peer-reviewed and handled by the editorial committee of the Special Section. The deadline for the paper submission is **April 10, 2023**. Prospective authors are requested to carefully follow the submission process:

- (1) Check the latest information of the call for papers at https://www.ieice.org/eng_r/information/schedule/journals.php?type=05
- (2) Prepare the manuscript according to the guidelines described on the web page: <https://www.ieice.org/nolta/journal/author.html>
The LaTeX style file and template file may be downloaded from the web page. Papers do not usually exceed 30 pages of an A4-sized PDF file.
- (3) Submit the manuscript and agree to the " Copyright Transfer, and Article Processing Charge Agreement, and Notices from the IEICE and Privacy Policy " using the IEICE paper submission system at: https://review.ieice.org/regist/regist_baseinfo_e.aspx
Authors should choose “[Special-NC] Emerging Technologies of Complex Communication Science” as a “Journal/Section”. Do not choose “[Regular-EN]”.
