

Special Section on Smart Multimedia & Communication Systems

The IEICE Transactions on Fundamentals of Electronics, Communications and Computer Sciences announces a forthcoming Special Section on Smart Multimedia & Communication Systems to be published in **March 2023 (August 2022 as advanced publication)**. The IEICE TC SIS conducted the 2021 International Workshop on Smart Info-Media Systems in Asia (SISA 2021) in order to enhance research activities on smart multimedia & communication fields in Asian countries. The objective of the special section is to review and promote recent progress in these research fields. The special section solicits paper submission particularly from, but not restricted to, researchers who presented their original works in SISA 2021.

Topics of interest include, but are not limited to:

Smart Wireless System	Cognitive Systems Intelligent	Soft-Wireless Systems
Intelligent Communication Systems	Multimedia over Wireless	OFDM Systems
MIMO Intelligent Systems	Mobile Systems	Near Field Communication
Speech Processing and Coding	Acoustic Signal Processing	Image/Video Processing and Coding
Image/Video Communications	Security Signal Processing	ITS Information Processing
Intelligent Multimedia Systems	Machine Learning for Multimedia & Communication Systems	

Submission Guidelines:

Submit papers using the IEICE online submission web site https://review.ieice.org/regist/regist_baseinfo_e.aspx by **March 4, 2022 (final extension)**. Choose the “[Special-SM] Smart Multimedia & Communication Systems” as a “Journal/ Section” on the online submission page. We accept papers only in PDF format.
