CALL FOR PAPERS

Special Section on Mathematical Systems Science and its Applications

The IEICE (Institute of Electronics, Information and Communication Engineers, Japan) Transactions on Fundamentals of Electronics, Communications and Computer Sciences (published in May 2023).

Submission Deadline: March 31, 2022. (Acceptance Notification: October 2022)

The IEICE Transactions on Fundamentals of Electronics, Communications and Computer Sciences announce a forthcoming Special Section on Mathematical Systems Science and its Applications to be published in May 2023.

Mathematical systems science is the study of design, analysis, verification, and control based on mathematical models and it is applicable in many engineering and scientific research areas including emergent fields such as cyber-physical systems, machine systems, open systems science, and systems biology. The aim of this special section is to clarify the state of art of research on mathematical systems science and to promote the future research.

The topics of interest within the scope of this special section include the following areas:
- System theory: Petri net, concurrent systems, discrete event systems, hybrid systems
- Formal methods for verification and design: model checking, automated theorem proving, scheduling, supervisory control
- Cyber-physical systems: embeded systems, real-time systems, autonomous systems
- Mathematical approaches to human factor: modeling and analysis of human behaviors, business process, service science
- Novel mathematical methods: open systems science, systems biology
- Machine learning approaches to mathematical systems science
- Applications and case studies: multi-car elevator systems, manufacturing systems, transportation systems, enterprise information systems

We also welcome letter submissions on industrial case studies.

For the submission to this Special Section, it is not mandatory to include an author who is a member of the IEICE. We recommend that the non-member authors take this opportunity to join. For membership applications, please visit the web-page:

https://www.ieice.org/eng_r/join/individual_member.html

The submitted paper will be reviewed by reviewers according to the ordinary rules of the Transaction Editorial Committee. The recommended number of pages is 8 for a PAPER and 2 for a LETTER. For the initial submission of a LETTER, the number of pages excluding References is at most 4. Please consult the Information for Authors that is available at the web page:

https://www.ieice.org/eng/shiori/mokuji_ess.html

This special section will accept papers only by electronic submission. Please submit a paper using the IEICE Web site https://review.ieice.org/regist/regist_baseinfo_e.aspx. Authors should choose the “[Special-MA] Mathematical Systems Science and its Applications” as a “Journal/Section” on the online screen. Do not choose “[Regular-EA]”.

Contact point:
Yoshinobu Kawabe
Faculty of Information Science, Aichi Institute of Technology
Tel: +81- 565-48-8121, e-mail: kawabe@aitech.ac.jp

The deadline for the paper submission is March 31, 2021.

Please note that the term for revising the manuscript after acknowledgement of conditional acceptance for this special section could be shorter than 60 days because of the tight schedule for review. The final editorial decision for acceptance would be informed to the authors by October 2022. If the number of accepted papers exceeds the limit, some papers may be published in the following transactions. Authors must agree to the "Copyright Transfer, Article Processing Charge Agreement, Notices from the IEICE, and Privacy Policy " via electronic submission. Upon accepted for publication, all authors should pay the page charges covering partial cost of publication around October, 2022. If payment is not completed by 15 November, 2022, your manuscript will be handled as rejection.

All papers published in or after October 2022 issue are opened to all readers in the world through J-STAGE.

Special Section Editorial Committee
Guest Editor-in-Chief: Yoshinobu Kawabe (Aichi Institute of Technology)
Guest Associate Editors: Daisuke Ishii (Japan Advanced Institute of Science and Technology), Atsushi Ohta (Aichi Pref. University), Shun Katoaka, (Otaru University of Commerce), Takafumi Kanazawa (Setsunan University), Koichi Kobayashi (Hokkaido University), Norihiko Shinomiya (Soka University), Ichiro Toyoshima (Toshiba Energy Systems), Masashi Nomura (Mitsubishi Electric Corporation), Shingo Yamaguchi (Yamaguchi University), Tatsushi Yamasaki (Setsunan University), Liu Jianquan (NEC).
