The IEICE Transactions on Fundamentals announces that it will publish a special section entitled "Special Section on Intelligent Transport Systems and Wideband Systems" in May 2023. The objective of this Special Section is to discuss, through papers, theoretical and practical issues concerned with ITS and wideband systems.

1. Scope
This special section aims at timely dissemination of research in these areas. Possible topics include, but are not limited to:
V2X communication, Green communications, Power-line communications, Multi-carrier communication, OFDM, Spread spectrum techniques, 6G, Ultra-wideband (UWB) systems, Optical communication, Visible light communication, Sensor network, Automated driving, Advanced driver assistance system (ADAS), Traffic control, Probe data, Big data application, Environment recognition (radar, image processing, sensors), Positioning, Sensor fusion, Mobility as a Service (MaaS), Electric vehicle, Integrated study on smart city and/or mobility (welfare, ecology, urban planning, etc.), Mobility and communication in with- and/or after-infection community, Other study on ITS or wideband system.

2. Submission Instructions
- "Information for Authors" is available at [https://www.ieice.org/eng/shiori/mokuji_ess.html](https://www.ieice.org/eng/shiori/mokuji_ess.html)
- The standard number of pages is 8 for a PAPER and 2 for a LETTER. For the initial submission of a LETTER, the number of pages excluding References is at most 4. The page charges are considerably higher for extra pages.
- This special section will accept only papers by electronic submission.
  - Submission website [https://review.ieice.org/regist/regist_baseinfo_e.aspx](https://review.ieice.org/regist/regist_baseinfo_e.aspx)
  - Submit a manuscript and electronic source files (TeX/Word files, figures, authors’ photos and biography)
  - Authors should choose the [Special-WB] ITS and Wideband System as a "Journal/Section" on the online screen. Do not choose [Regular-EA].
  - Authors must agree to the "Copyright Transfer, Article Processing Charge Agreement, Notices from the IEICE, and Privacy Policy" via electronic submission.
  - The term for revising the manuscript after acknowledgement of conditional acceptance for this special section could be shorter than that for regular issues (60 days) because of the tight review schedule.
  - Please note that if the submitted paper is accepted, all authors are requested to pay for the page charges covering the partial cost of publications by November 15, 2022.
  - If all authors are non-members, the article processing charge for non-members will be applied, except for invited papers. We recommend that authors unaffiliated with IEICE apply for membership. For membership applications, please visit [https://www.ieice.org/eng_r/join/individual_member.html](https://www.ieice.org/eng_r/join/individual_member.html)
- All papers published in or after October 2022 issue are opened to all readers in the world through J-STAGE.
