

CALL FOR PAPERS

NOLTA, IEICE received the Journal Impact Factor in June 2023.

Special Section on Recent Advances in Nonlinear Problems

The open-access journal “Nonlinear Theory and Its Applications (NOLTA), IEICE” welcomes you to submit papers for the Special Section on Recent Advances in Nonlinear Problems, which will be included in the issue published in July, 2024. Submission of the paper presented at a recent IEICE Technical Conference on Nonlinear Problems (NLP) is strongly encouraged. The papers are expected to be well-polished according to the discussion at the NLP conferences. However, presentation of the paper at the NLP Conference is not mandatory for its inclusion in this Special Section. The scope of this Special Section includes all topics related to nonlinear problems.

Papers submitted to this Special Section will be peer-reviewed and handled by the editorial committee of the Special Section. The deadline for the paper submission is **extended to January 25, 2024**. Prospective authors are requested to carefully follow the submission process:

- (1) Check the latest information of the call for papers at https://www.ieice.org/eng_r/information/schedule/journals.php?type=05
- (2) Prepare the manuscript according to the guidelines described on the web page: <https://www.ieice.org/nolta/journal/author.html>
The LaTeX style file and template file may be downloaded from the web page. Papers do not usually exceed 30 pages of an A4-sized PDF file.
- (3) Submit the manuscript and agree to the "Copyright Transfer and Page Charge Agreement" using the IEICE paper submission system at: https://review.ieice.org/regist/regist_baseinfo_e.aspx
Authors should choose “[**Special-NP**] Recent Advances in Nonlinear Problems” as a “Journal/Section”. Do not choose “[Regular-EN]”.
