

# Special Section on Information Theory and Its Applications

## **CALL FOR PAPERS**

The IEICE Transactions on Fundamentals of Electronics, Communications and Computer Sciences announces a forthcoming Special Section on Information Theory and Its Applications to be published in March 2025.

The objective of this special section is to discuss, through papers, new theoretical developments and techniques in information theory and its applications. The Special Section solicits paper submissions on a broad range of topics related to information theory, including (but not limited to) the following areas:

Shannon Theory, Source Coding, Data Compression, Coding Theory and Techniques, Channel Coding, Communication Theory, Wireless Communications, Sequences, Cryptography, Information-Theoretic Security, Information Security, Quantum Information Theory, Quantum Coding and Cryptography, Network Information Theory and Coding, Distributed Coding and Computation, Computational Complexity Theory, Signal Processing, Compressed Sensing and Sparsity, Detection and Estimation, Stochastic Processes, Statistical Machine Learning, Statistical Mechanical Informatics, Applications of Information Theory.

Any interested authors in those fields are welcome to contributing to the Special Section, including those who make a presentation at 2023 Symposium on Information Theory and its Applications (SITA2023) held at Yuda Hot Spring, Yamaguchi prefecture during November 28-December 1, 2023.

The deadline for submission is February 19, 2024, at 23:59 (Japan Time). It is strongly recommended that the lengths of PAPERs and LETTERs for this special section are within 8 and 2 pages, respectively (the length of a LETTER must be 4 pages or less excluding references). If the number of pages exceeds largely, we may recommend submitting the manuscript to a Regular Section. Manuscripts should be prepared according to the guideline given in "The Information for Authors." The latest version is available at the web site: http://www.ieice.org/eng/shiori/mokuji\_ess.html . The term for revising the manuscript after acknowledgment of conditional acceptance for this special section could be shorter than that for other issues (60 days) because of the tight review schedule.

If your paper includes identical or similar material that has already appeared in international conferences, etc., you must cite it in the footnotes or references. (See "The Information for Authors." of the web site.)

Papers will be accepted only by electronic submission. Prospective authors are requested to carefully follow the submission process described below:

Submit a manuscript (in PDF format) and editable electronic files (LaTeX/MS-Word files, figures) for PAPER and LETTER. biographies for well as the authors' photos and PAPER. using the IEICE Web as site: https://review.ieice.org/regist/regist\_baseinfo\_e.aspx . Authors should choose the [Special-TA] Information Theory and Its Applications as a "Journal/Section" on the online screen. Do not choose [Regular-EA]. Authors must agree to the "Copyright Transfer, Article Processing Charge Agreement, Notices from the IEICE, and Privacy Policy" via electronic submission.

#### **Special Section Editorial Committee:**

Guest Editor-in-Chief: Ryutaroh Matsumoto (Tokyo Tech.) **Guest Editors:** 

Hironori Uchikawa (Kioxia) and Tetsunao Matsuta (Saitama Univ.)

Shunsuke Araki (Kyutech.), Manabu Hagiwara (Chiba Univ.), Koji Ishibashi (UEC), Ken-ichi Iwata **Guest Associate Editors:** (Univ. of Fukui), Mitsugu Iwamoto (UEC), Tomotaka Kimura (Doshisha Univ.), Shan Lu (Nagoya Univ.), Yasuyuki Murakami (Osaka Electro-Communication Univ.), Mikihiko Nishiara (Shinshu Univ.), Takayuki Nozaki (Yamaguchi Univ.), Hidetoshi Saito (Kogakuin Univ.), Shota Saito (Gunma Univ.), Jun Suzuki (UEC), Jun'ichi Takeuchi (Kvusvu Univ.), Hideki Yagi (UEC), Takahiro Yoshida (Nihon Univ.).

### Inquiries:

Hironori Uchikawa,

Institute of Memory Technology Research and Development, Kioxia Corporation. E-mail: sita-trans-a-2025@mail.ieice.org

#### Notes:

If all authors are non-members, the article processing charge for non-members will be applied, except for invited papers. We recommend that all authors apply for our membership. For membership applications, please visit the web-page, https://www.ieice.org/ . If the submitted paper is accepted for publication, the authors should pay the page charge. If the charge has not been paid until the due date, the acceptance will be canceled. The accepted papers will be published online soon on the web site of Transactions Online after the payment of page charges has been completed. Notification of Acceptance will given August For detailed information, be 2024. please visit https://www.ieice.org/eng/shiori/page2\_ess.html#8. Open Access Publishing: All papers published in the IEICE Transactions on Information and Systems since January 2008 have been opened to all readers in the world through J-STAGE. https://www.jstage.jst.go.jp/browse/transele/. IEICE will begin a multilingual (16 languages) translation trial of IEICE Transactions Online in April 2024. Please visit https://www.ieice.org/eng/s\_issue/cfp/triale.pdf for details.
