

IEICE Korea, Information Section

Section Representative Office

Representative Prof. Jong-Il Park
 Deputy Representative Prof. Choonhwa Lee
 Treasurer Prof. Hanhoon Park
 Conference Prof. Jun Heo
 Public Relations Prof. Yongduck Seo

Prof. JI Park

Prof. CH Lee

Prof. HH Park

Prof. Jun Heo

Prof. YD Seo

Location of Representative Office

Address Division of Computer Science & Engineering
 Hanyang University
 222 Wangsimni-ro, Seongdong-gu, Seoul 133-791, Korea

Contact jipark@hanyang.ac.kr or lee@hanyang.ac.kr

Former Section Representatives

Founder

Prof. YJ Park
 Waseda-U

2005-2009

Second

Prof. CH Youn
 KAIST

2009-2011

Third

Prof. DW Kim
 Daegu-U

2011-13

Fourth

Prof. YB Choi
 Tong Myeong -U

2013-2015

Current activities

IEICE Sponsored Lecture
 under planning

Sponsorship to Conference / Workshop

- 2004 Korea-Japan Grid Symposium
- 2007 Advanced Networking Technology Workshop
- 2008 Advanced Networking Technology Workshop
- 2010 Korea-Japan e-Science Symposium
- 2012 International Conference on Convergence and Hybrid Information Technology 2012

Changing environment in the information field in Korea

4G-LTE Wireless evolution outstanding in Korea Vision 2025 Long Year Plan

- Government-led to private-sector-led
- Effective R&D investment
- From domestic to global
- Challenge to IT revolution

Enhance added value of the mobile applications

- Development in new applications
- Application of mobile technologies to traditional applications
- A pilot project in clinicopathologic with examination

Wearable devices and computing

- Keen interest in industry
- Many government-supported research projects
- Creative convergence among different fields

2015 Fiscal Year Activity Plan

IEICE Sponsored Lecture

- Wearable devices and computing
- Inter-disciplinary area between IT and bio-technology

Co-sponsorship to International Conferences

- Korea-Japan Workshop on Mixed Reality

Enhancement of IEICE membership

- Introductory remarks of IEICE for conference participants

Expected collaboration with IEICE's domestic Sections in Japan

1. Co-organizing a workshop in the field of e-Science and Cloud Computing
2. Cooperative research with universities located in the area of domestic Section
 For example, cooperative study of cloud application with Kyushu Section
3. Co-organizing a special session in big conferences
4. Exchanging lectures and seminars
