

Annual Activity Report of IEICE Korea-Electronics Section

Date of Report : 27 July 2017

Reporter : Seong Ho Kong, Ph.D./Prof., Kyungpook National University, Daegu, Korea
shkong@knu.ac.kr

1. Organization and role assignment

Representative : Seong Ho Kong, Ph.D./Prof.
- Planning of activities, General affairs

Secretary : To be nominated
- Financial affairs, Promoting activities

2. Strategy of the Section

In order to promote IEICE and increase the number of members in Korea, following strategies are proposed.

- 1) IEICE Korea-Electronics section members will be encouraged to submit papers to IEICE Transactions by introducing special issues to them.
- 2) The Korea-Electronics Section promotes IEICE by attending domestic conferences hosted by The Korean Sensors Society, The Korean Society of Semiconductor & Display Technology (KSĐT) and the Institute of Electronics and Information Engineers (IEIE) in Korea.

3. Action Plan of the Section Stated in 2016 All Sections Meeting: None

4. Results of Activities during the 2016 Fiscal Year (April 2016 ~ March 2017)

4.1 Conference/Symposium/Workshop

A domestic conference organized by The Korean Sensors Society was held on 11 November 2016 at Kyungpook National University. More than 180 people including professors and graduate students have attended the conference and 110 papers have been presented. After the plenary session during the conference, Prof. Seong Ho Kong, the present representative of IEICE Korea-Electronics Section, introduced the organization, activities and membership benefits of the IEICE and its Korea-Electronics Section. All attendees were encouraged to join IEICE during the conference.

4.2 Sponsored Lecture: None

4.3 The other events in collaboration with IEICE Hqs or Domestic Sections : None

4.4 Changes in the Section

Prof. Seong Ho Kong has replaced the former representative of the Section, Prof. Jang-Kyoo Shin. A new secretary would be nominated in the 2017 fiscal year.

5. Review and Future Plan

The representative taking-over process has been conducted but the action items to be done in 2016 Fiscal Year have not been transferred smoothly.

A lecture meeting will be held in 2017 Fiscal Year with themes in the area of smart sensor devices & systems for IoT, and nano materials & devices.

6. Constructive Opinion / Requests / Proposals

During the section representative taking-over, all the detail information must be transferred to the successor to avoid the same trial and error.

IEICE headquarter must provide enough information on IEICE circumstances and take care and guide the new representative to the goals, action items and plans, which need to be achieved.
