### 5. Review and Future Plan

#### (1) Items in 2018 Fiscal Year Plan which could not be achieved, and expected solution

Sponsored lecture was cancelled due to schedule conflict. We need to organize such a lecture with a long leading time, at least 3 months.

#### (2) Activity Plan in 2019 Fiscal Year

- IEICE Sponsored Lecture
  - Inter-disciplinary area between IT and art & technology
- Enhancement of IEICE membership
  - Introductory remarks of IEICE for conference participants
- Collaboration with Japanese domestic sections
  - Co-organizing a workshop in the field of art and technology
  - Cooperative research with universities located in the area of domestic section
  - Co-organizing a special session in big conferences
  - Exchanging lectures and seminars

#### 6. Constructive Opinion / Requests / Proposals

Promotion of IEICE Transactions would be more effective than any other activities. If we focus on enhancing the journal impact factor of IEICE Transactions, people will be getting more interested in IEICE journals and IEICE membership. Some more effort such as shortening the review period would be a good way of soliciting many potential members.
