A-00 Instruction to prepare a manuscript for International Poster Session

Thesis no
14pt Times New Roman

double-spaced

Paper Title
14pt Aria

Daisuke Ide*, Koichi Tanno**

Author Name
12pt Times New Roman

(* Graduate School of Engineering, Miyazaki University, **Faculty of Engineering, Miyazaki University)

Author Affiliations
10pt Times New Roman

double-spaced

1. Introduction

Only English is allowed in International Sessions. Both paper writing and presentation must be done in English.

2. Manuscript Formatting

Text heading
12pt Times New Roman (Bold)

The following format should be followed in preparing the manuscript.

- The manuscript paper size should be A4 (210mm × 297mm), one page.
- The languages used shall be Japanese and English.
- Margins must be at least 25mm on the top, 15mm on the bottom, and 15mm on the left and right sides.
- Using this format as a guide, write the title of the paper on the first line, the author's name on the second line, and the author's affiliation on the third line in a single-spaced line. The main text should be written in two columns below the title.
- Using this format as a guide, write the thesis no. before the title (thesis no. is explained in the next section).
- The following format should be used for each font.
 - Header 10pt Aria or BIZ UDゴシック Regular
 - Thesis no 14pt Aria
 - Paper Title 14pt Times New Roman
 - Author Name 12pt Times New Roman
 - Author Affiliations 10pt Times New Roman
 - Text heading 12pt Times New Roman (Bold)
 - The body 9pt Times New Roman
- Figure numbers and explanations should be added below each figure or photograph (e.g., Figure 1 Output Waveform).
- Mathematical expressions should be written in a legible size and numbered consecutively.
- Do not fill in page numbers.
- Since the final submission format is in PDF format (see Chapter 4 for details), please check the above format after converting to PDF format.
- The style of the text of the manuscript and references should basically conform to that of the Transactions of the Institute of Electronics, Information and Communication Engineers (IEICE).

About 25 words per column

9pt Times New Roman

3. Thesis no

Please confirm your paper no. in the program which will be posted on the official website after the registration is closed. No individual notification will be made. The paper no. should be written in the first part of the title.

4. Submission of Manuscripts

Manuscripts must be submitted via the Web during the manuscript submission period (August 8 - August 22). Acceptable files are as follows

- File format is PDF only
- When creating a PDF, be sure to embed all fonts (if not, the PDF may not display as expected).
- PDFs should be created with file locks and other security removed.
- The name of the submitted file should be the name of the thesis no. (all in uppercase alphanumeric characters) and the file extension should be added. For example, in the case of this bookmark, the file name is A-00.pdf.
