Rules of the NOLTA Society Conference Committee

( Established on June 13, 2015)

(Purpose and duties of the committee)
Article 1 For the purpose of examining regular work to plan and manage the Conference prescribed in Article 36 of the Society Rules Regulations of IEICE (hereinafter the "Conference") and the running of the conference, the NOLTA Society Conference Steering Committee (hereinafter the "Conference Steering Committee") shall be established.

Article 2 The Conference Steering Committee shall properly implement the Conference and related projects.

Article 3 In addition to the provisions of Articles 1 and 2, the Conference Steering Committee shall communicate and coordinate with the Society Conference prescribed in Article 37 of the Rules Regulations of IEICE and Group Conference.

(Committee organization)
Article 4 The Conference Steering Committee shall be permanent and shall consist of one chairperson (Society General Affairs Secretary Secretary) and committee members (one Accounting Secretary Director, Finance, and two from each Research Technical Committee). If necessary, a Vice Chairperson may be appointed.

Article 5 The Program Organizing Committee is established within the Conference Steering Committee. In addition, in order to facilitate the operation of the conference, the chairperson of the conference may form necessary committees with a resolution of the Conference Steering Committee.

2. The Program Organizing Committee shall consist of a chairperson, secretary and members of the Program Organizing Committee elected by each Research Technical Committee.

Article 6 The chairperson of the Conference Steering Committee may request the President of each Society and the chairperson of the Group Steering Committee to create special planning etc. as part of the conference.

Article 7 The chairperson of the Conference Steering Committee shall report the settlement of the conference and related projects to the Board of Directors.

(Delegation)
Article 8 The chairperson, vice chairperson, Secretary Director, and committee members of the Conference Steering Committee shall be delegated by the president of the Society after approval by the Society Steering Committee.

2. The chairperson, secretary, and committee member of the Program Organizing Committee shall be delegated by the chairman of the Conference Steering Committee.

3. The chairperson and the members of the committee required shall be delegated by the chairman of the Conference Steering Committee.

(Term of office)
Article 9 The term of office of the chairperson, vice chairperson, secretary and committee members of the Conference Steering Committee shall be from the date of assumed the post at the Institute to the expiration date of the term of office. However, the term of office of committee members elected by Research
Technical Committees shall be the term of office in each Research-Technical Committee.

2. The term of office of the Program Organizing Committee and necessary committees shall be determined separately.

(Accounting)

Article 10 Income and expenditures on the conference shall be independently profitable.

Supplementary Provision The following transitional measures shall be taken until the Society system is developed and the participation of the conference committee members is approved from this Society at the conference committee of the headquarter of Institute.

(1) The Conference Steering Committee shall carry out the duties of Articles 1 through 3 in cooperation with the Secretary of the Engineering Sciences Society Conference.
