

2nd Korea-Japan Joint Workshop on Complex Communication Sciences

Okinawa, JAPAN, October 17–19, 2013

WORKSHOP COMMITTEE

General Chair

Mikio Hasegawa
(Tokyo University of Science)

Technical Program Chair

Hiroo Sekiya
(Chiba University)

Finance Chair

Nobuyoshi Komuro
(Chiba University)

Local Arrangement Co-Chairs

Hiroaki Kurokawa
(Tokyo University of Technology)

Song-Ju Kim

(National Institute for Materials Science)

General Secretary

Shintaro Arai
(Kagawa National College of Technology)

Venue:

Okinawa Gender Equality Center
(3–11–1, Nishi, Naha, Okinawa,
900–0036 JAPAN)

(in Japanese)

FIRST CALL FOR PAPERS

2nd Korea-Japan Joint Workshop on Complex Communication Sciences will be held at **Okinawa, JAPAN, October 17–19, 2013**, as the international workshop supported by IEICE Engineering Sciences Society. The objective of the workshop is to provide a forum for exchange of latest or preliminary results related to complex communication sciences. Papers describing original works in all aspects of complex communication sciences are invited. The technical program will cover (but not limited to) the following topics.

Topics:

1. Theory of Communication Systems
2. Distributed Networks and Algorithms
3. Aspects of Power or Energy as Basis for Communication Systems
4. Boundary Between Power Electronics and Communication Systems
5. Problems in Actual Systems and Empirical Approaches Related to Above Four Research Areas
6. Neural and Biological Systems Based on Knowledge and Technique of Communication Systems
7. Electromagnetic Wave Propagation Theory and Modeling
8. Nonlinearity Observed in Research Fields of Radar and Tomography Measurements
9. Boundary Between Nonlinear Devices and Communication Systems

Organizer:

Complex Communication Sciences (CCS), IEICE

Paper Submission:

Authors are invited to submit **1-page summary (or abstract)** in PDF format via email to:

E-mail: ccs-oct@mail.ieice.org

Only electronic submissions will be accepted. Please include the following information in the mail with the PDF file attachment: the author's name, affiliation, telephone number, email address and a title of paper. Corresponding authors of accepted papers will be requested to submit a final paper (**maximum 4-page**) for the workshop proceedings. If you have any questions, please contact to above email address.

Special Sessions:

The workshop welcomes proposals for special sessions (SS). Proposals will be evaluated based on the timeliness and the scientific quality of the topic. Please submit proposals via email with the following information to above email address: SS proposer's name and affiliation, a title and summary of SS, SS authors' names and affiliations.

Important Dates:

Deadline for 1-page summary submission (Regular Session):	August 23, 2013
Deadline for Special session proposals:	August 23, 2013
Notification of acceptance for Special sessions:	August 26, 2013
Notification of acceptance for Regular sessions:	September 6, 2013
Deadline for camera-ready submission:	September 20, 2013
Deadline for author registration:	September 20, 2013
