Call for Patrons / Exhibitions

The World Telecommunications Congress (WTC) brings together leading experts from industry, academia and government to map out the future requirements for telecommunications technologies, applications and policy. WTC builds on the traditions of quality, timeliness and open interaction from its origins in the ISS (International Switching Symposium) and ISSLS (International Symposium on Services and Local Access).

Call for Patrons

The WTC 2012 offers industry, academia and government the opportunity to patronize the congress by providing in return the following four levels of benefits valuable in creating corporate awareness among the hundreds of industry, academia and government leaders from around the world.
